

One way might be that St. Patrick focused on the positive side of his mission and we as square dancers can focus on a positive side of Square Dancing. .

Who are the modern St. Patrick's?

- Square dancers who have helped support church activities and entertained the infirmed.
- Square dancers who take offices in clubs and associations because no one else will take them.
- Square dancers, who work to recruit new dancers, retain current dancers and retrieve former dancers.
- Square dancers who work as volunteers, unrecognized, in support of square dance activities. such as jamborees and most importantly club dances.
- Square dancers who start new square dance activities where there were none and expand the fellowship and fun for new dancers/.

During these times of conflict, unrest and decline in Square Dancing, let us focus over riding our fears of rejection and put our attention to service on the new dancers. Let's touch the "heart" of square dancing, by focusing on their needs of visitors
